SUMMARY

Java Full Stack Developer with hands-on experience in developing scalable web applications using Java, Servlets, JSP, JDBC, MySQL, Hibernate, and Spring Core. Strong knowledge of Object-Oriented Programming, MVC architecture, RESTful APIs and Web Applications, and database design. Passionate about building efficient software solutions and continuously improving technical skills.

SKILLS

Programming Languages:	Java, JavaScript
Frontend Technologies:	HTML, CSS, JavaScript
Backend Technologies:	JDBC, Servlets, JSP, JEE
Frameworks:	Hibernate ORM, Spring Core (IoC)
Databases:	MySQL
Tools:	Eclipse IDE, VS Code, Git, GitHub, Maven, Apache Tomcat, MySQL Workbench
Soft Skills:	Problem Solving, Team Collaboration, Communication, Analytical Thinking, Time Management

PROJECTS

InstantFood – Full Stack Food Delivery Web Application

 GitHub

Tech Stack: Java, Servlets, JSP, JDBC, MySQL, Maven, Apache Tomcat, JSTL, HTML5, CSS3

- Developed a full-stack food delivery web application using Java Servlets, JSP, JDBC, and MySQL, following MVC architecture with the DAO Design Pattern.
- Implemented user authentication, restaurant browsing, menu management, shopping cart, checkout, and order tracking functionalities.
- Designed a normalized MySQL database with 8 tables supporting 20+ restaurants and 120+ menu items, with a responsive UI built using JSP, JSTL, and CSS3.

User Registration Web Application

 GitHub

Tech Stack: Java, Servlets, JDBC, MySQL, HTML5, CSS3

- Developed a user registration system using Java Servlets with MVC architecture and the DAO Design Pattern for clean separation of business logic and data access.
- Integrated JDBC-based MySQL connectivity, implemented CRUD operations, and deployed the application on Apache Tomcat with a responsive frontend.

EXPERIENCE

Tap Academy

Jan 2026 – Jul 2026

Software Developer Intern (Java Full Stack)

- Developed full-stack web applications using **Java, Servlets, JSP, JDBC, MySQL, HTML, CSS, and JavaScript**, following **MVC Architecture**, the **DAO Design Pattern**, and Object-Oriented Programming principles.
- Designed and implemented the **InstantFood** food delivery web application with user authentication, session management, restaurant browsing, shopping cart, checkout, and order management features.
- Gained hands-on experience with **Spring Core (IoC)**, **Hibernate ORM**, **Git**, **Maven**, **Apache Tomcat**, and **Eclipse IDE** while building, testing, debugging, and deploying Java web applications.

EDUCATION

Bachelor of Engineering in Computer Science and Engineering

2022 – 2026

Channabasaveshwara Institute of Technology

CGPA: 7.55

Pre-University Course (PUC)

2020 – 2022

St. Francis PU College

Percentage: 72.08%

SSLC

2019 – 2020

Shanthinikethan Trust High School

Percentage: 82.87%

CERTIFICATIONS

- HTML CSS Certification – KG Coding
- Full Stack Web Development Bootcamp – Udemy
